# Charging Carts

## 12 Laptop/ ChromeBook Compact Charging Cart

Ensure your laptops and Chromebooks are always fully charged and safely transported with Luxor's slender 12 capacity charging cart. Devices rest in the 1.75" slots between ABS plastic dividers which helps avoid scratches and unnecessary movement. An additional third shelf offers extra storage space for power bricks and other IT accessories. When traveling down hallways, the cart readily moves on 3" full swivel casters and can be easily guided using the front handle. This mobile cart requires minimal assembly and will benefit your school or office immediately.

Heavy Duty Handle

3” Swivel Caster
