

Lecterns

Pneumatic Height Adjustable Lectern

LX-PNADJ-WH

Luxor's newest and most versatile lectern caters to multiple users in a variety of environments. The convenient pneumatic foot pedal swiftly and quietly adjusts the height between 28" – 42.5", allowing users to comfortably sit or stand. When the lectern is used for formal presentations, the tabletop easily tilts and transforms into a presenter's shelf, or the tabletop can also remain flat to be utilized as a standing/sitting workstation. Add functionality and ease to your workplace with Luxor's quality Pneumatic Height Adjustable Lectern.

Features:

- Pneumatic foot pedal provides simple and swift height adjustment
- Modern and professional design suits conference rooms, classrooms, and training areas
- Offers diverse user applications; lever alters and locks into a podium tilt or a flat presentation space
- Paper-stopping lip keeps materials and equipment in place
- Single leg conserves space
- Two casters allow easy transportation
