

Adjustable-Height Student Desks

Create active classrooms that inspire learning and student engagement

Adjustable-height sit-stand desks empower students to become proactive participants in their own learning while enhancing their physical and educational performance.

- Alternating between sitting and standing promotes healthy movement.
- Lockable casters facilitate fast transitions between lectures, collaborative projects, and focused study.
- Integrated bag hooks, pencil trays, and bottle holders help keep students organized.
- Flip-top model nests for quick and easy storage.
- Durable steel frames and high-pressure laminate desktops provide years of reliable service.
- Desks meet ANSI/BIFMA and CPSIA standards for safety and durability.
