

LUXOR™

Designed to Support the Way Care Happens

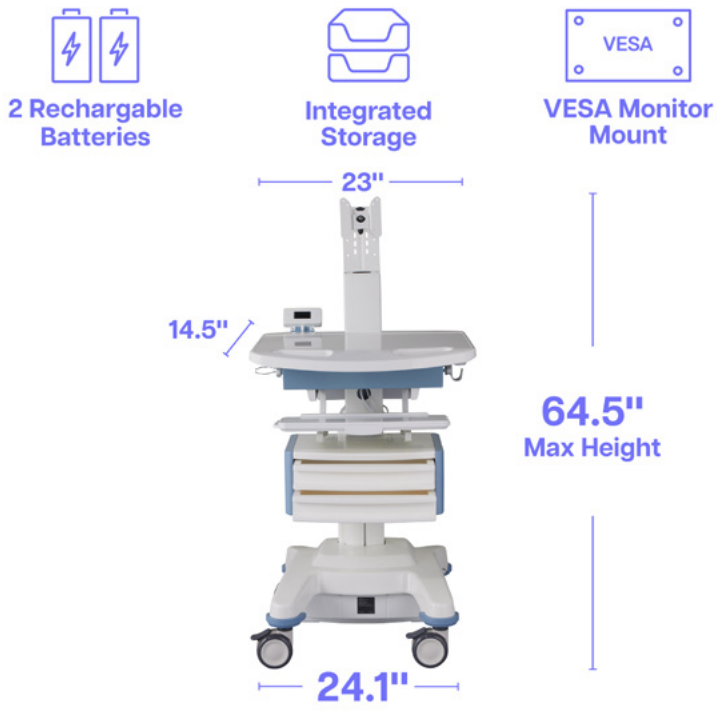

Power That Moves With You

VitalPower™ Workstation Carts give care teams a mobile, powered workstation for charting, patient rounds, and documentation. Built for healthcare workflows, they help keep devices powered, supplies organized, and staff ready to work without being tied to a fixed desk or wall outlet.

VitalPower™
Healthcare Workstation

VitalPower™

Workstation Carts

Available in two models, VitalPower™ makes it easy to choose the right power setup for your space. The Standard model offers a single-battery solution or essential mobile power, while the Deluxe model adds dual hot-swappable batteries for extended use across busy shifts.

Key Benefits:

- Mobile power supports charting, rounds, and documentation workflows.
- Side handles support easier movement through tight healthcare spaces.
- Pre-assembled design helps teams get up and running quickly.

SKU: MCWS003, MCWS004
